## Technical outlook

Zinc May daily Chart has formed "Symmetrical triangle" pattern. The last few sessions been in sideways trend along with some corrections inside the channel. The market is expected to continue on the bullish term based on the current price action, once the same breaks above a key resistance holding at 152. The upside rally could be testing all the way up to 153.50-155 levels in the upcoming sessions. Alternatively, if the key resistance holds strong then the market might retest the same and turn bearish once again. The downside rally could be testing up to 148 level. Key support holds at 148.
