GOLD

Gold trading range for the day is 47705-48691.

Gold prices edged higher as a weaker dollar and a retreat in U.S. Treasury yields lifted demand for the safe-haven metal.

The Bank of Japan is set to predict for the first time that inflation will remain well short of its 2% target beyond Governor Haruhiko Kuroda's term through early 2023.

Russia produced 38.09 tonnes of gold in January and February this year, down from the 39.71 tonnes it produced in the same period in 2020

Russia's gold reserves stood at 73.8 million troy ounces as of the start of April

SILVER

Silver trading range for the day is 68636-71276.

Silver gained as a rise in U.S. Treasury yields stalled and the dollar steadied near multi-week lows.

Fed Chair Jerome Powell said recently that a coming upswing in inflation readings is likely to be transitory

Interest rates in the United States moved in a tight range and the outlook for vaccinations in Europe improved.

Investors now await the European Central Bank meeting on Thursday for further clarity about stimulus plans for the bloc.
