GOLD

Gold trading range for the day is 47346-47864.

Gold prices held steady helped by speculation that a spike in coronavirus cases may prompt the U.S. Federal Reserve to defer its tapering of monetary stimulus.

The spread of the Delta coronavirus variant has raised doubts about economic growth

Many officials present at the Fed meeting believed that inflation has reached target according to July Fed meeting minutes.

Data showed U.S. business activity growth slowed in August, while Asia's robust economic recovery from last year lost steam.

SILVER

Silver trading range for the day is 62346-64254.

Silver remained supported as investors remain concerned that weak economic data may delay the Federal Reserve plans to taper quantitative easing program.

US private-sector growth slowed to an 8-month low as weaker recoveries were seen in both the manufacturing and service sectors due to capacity pressures

Sales of new U.S. single-family homes increased in July

A call by China's central bank for more economic support and signs of falling COVID-19 infections in China added to investor optimism over global growth.
