### NIFTY CHART

Pullback move beyond 14200 has been significant on the price scale but lacks significant volumes. The ongoing momentum could last until 14140 is maintained in today's session as well while upside may remained capped around 14480. Option data indicates the range of 14200-14500 for the rest of the week. Traders could look for buying opportunities until 13960 holds while Investors should review the fine prints of the event over a course of the week & deploy their positions accordingly.
