GOLD

Gold trading range for the day is 45974-47430.

Gold prices rose rebounding from a more than seven-month low, as a weakening dollar eclipsed pressure from firmer Treasury yields.

The dollar eased as traders sought currencies with close ties to the global commodities trade due to an improving economic outlook.

Physical gold demand in India this week surged as local prices dropped to their lowest levels since June last year

In India, dealers were charging a premium of up to \$7 an ounce over official domestic prices, the highest in eight months.

SILVER

Silver trading range for the day is 68452-71490.

Silver prices rallied helped by broad dollar weakness as President Joe Biden's \$1.9 trillion US COVID-19 package is expected to be approved in the coming days

Meanwhile, US Treasury yields hit their highest level in a year, amid inflationary concerns arising from strong economic activity.

Investors are also eyeing the testimony of Federal Reserve Chairman Jerome Powell on the Semiannual Monetary Report to Congress beginning Tuesday.

The Fed and other major central banks have pinned their hopes on ultra low interest rates to get the economy out of the grasp of a COVID-19-led fall-out.
