GOLD

Gold trading range for the day is 48901-49983.

Gold pared gains to settle flat as robust U.S. manufacturing data and higher Treasury yields dented its appeal.

Data showed U.S. manufacturing activity picked up in May as pent-up demand boosted orders.

Benchmark U.S. Treasury yields rose to a more than one-week high, increasing the opportunity cost of holding gold.

Investors now await key U.S. economic readings, with the main event of U.S. payrolls figures due on Friday.

SILVER

Silver trading range for the day is 71164-74124.

Silver remained supported by a weaker dollar, rising inflation expectations and safe-haven bids steaming from Covid-19 in Asia.

Minneapolis Federal Reserve Bank President Neel Kashkari said that he expects inflation to recede as COVID-19 cases decline

Federal Reserve officials have repeatedly maintained they expect price pressures to be transitory.

Investors look forward to the release of more U.S. data this week to gauge the extent of the global economic recovery.
