**GOLD**

Gold trading range for the day is 49157-49889.

Gold rebounded as the yields on long-term U.S. Treasury Notes dropped ahead of the upcoming jobs data.

Benchmark, U.S. 10-year Treasury yields eased below 1.60%, reducing the opportunity cost of holding bullion, which pays no interest.

Investors were now awaiting U.S. payrolls data due on Friday to gauge cues on future monetary policy.

Perth Mint's May gold sales slip to 4 – month low as metal prices rise

**SILVER**

Silver trading range for the day is 71317-73441.

Silver gained as U.S. Treasury yields pulled back, while investors awaited for key economic data this week that will shed light on the outlook for inflation.

The United States is getting closer to the Fed's maximum employment and 2% inflation goals, Fed Governor Lael Brainard said

Data from the Institute for Supply Management showed factory activity in the country expanded at a slightly faster pace in May.

Traders also seem to be taking some profits ahead of the upcoming U.S. jobs data, due on Friday.
