GOLD

Gold trading range for the day is 48894-49384.

Gold prices were little changed as investors looked ahead to U.S. inflation data that could shape the course of the Federal Reserve's monetary policy.

U.S. bond yields touched their lowest levels in a month, as investors bet the Federal Reserve is some way off tapering its economic stimulus.

China factory gate prices rise at fastest in over 12 years

Attention was focused on Thursday's release of U.S. consumer price data and a European Central Bank meeting for further clues

SILVER

Silver trading range for the day is 70603-72791.

Silver prices seen supported as U.S. benchmark 10-year Treasury yields held near their lowest in more than a month.

Data showed that China's factory gate prices rose at their fastest annual pace in over 12 years in May on the back of surging commodity prices.

Amid ample chatter about rising inflation, the release of key U.S. consumer inflation data on Thursday may provide some cues on policy tapering.

The euro zone economy contracted by much less than expected in the first quarter of the year.
