**GOLD**

Gold trading range for the day is 48522-49590.

Gold prices slipped hurt by a resilient dollar as some investors bet that recent spikes in U.S. consumer prices are temporary.

The European Central Bank kept its monetary policy unchanged and pledged a steady flow of stimulus over the summer.

Physical gold demand crept up this week in top hubs India and China though dealers were still forced to offer discounts

India's gold imports in May surged over nine-fold from 2020's low base to 12 tonnes.

**SILVER**

Silver trading range for the day is 71632-73096.

Silver gains as U.S. bond yields fell to three-month lows amid bets that any shift in ultra-accommodative policy is unlikely to happen soon.

U.S. consumer sentiment rebounded in early June as inflation fears subsided and households grew more optimistic about future economic growth and employment

Data showed that U.S. consumer prices rose 5 percent in May, the biggest annual since 2008 and more than economists had expected.

Investors await the Federal Reserve's monetary policy meeting for more clues about the state of the economy and policy outlook.
