

## Nifty Outlook

Markets resumed the uptrend after the minor pause and gained over half a percent, tracking firm global cues. The benchmark opened the gap up and traded range bound thereafter however movement on the stock-specific front kept the participants busy. Amongst the sectors, all the indices ended in green wherein Consumer Durables, Realty and Capital Goods were the top gainers. The broader markets continued its outperformance and ended higher by a percent each. On the benchmark front, Nifty finally settled at 15,690 levels; up by 0.7%.

All eyes would be RBI monetary policy tomorrow i.e. June 4 wherein the majority expect status quo on key rates. However, their commentary on growth and inflation would be closely watched by the participants. We may see volatile swings during the day so traders should plan their trades accordingly.

## Investment Pick - Crompton Greaves Consumer Electricals Ltd.

Scrp	CMP	Recommendation Price	Target	Duration
Crompton Greaves Consumer Electricals Ltd.	410	396	479	9-12 Months

Crompton Greaves Consumer Electricals (CGCE) reported strong set of numbers for Q4FY21. Its consolidated revenue grew by 48.3% YoY led by strong growth across geographies and different product categories. The net profit was boosted (+144% YoY) by a one-time tax write back and a sharp rise (+72.2% YoY) in other income. In the near term, demand would be impacted on account of on-going restrictions and expect normalcy by Q2FY22.

We like CGCE for its strong growth potential, consistent rise in market share in its key segment coupled with healthy dividend pay-out ratio, strong cash flow generation, lean working capital cycle and robust return ratios. Factoring the impact of demand uncertainty in the near term, we have lowered our estimates for FY22E. We maintain a Buy on the stock with a target price of Rs. 479.

<b>Intraday Calls</b>	These calls are flashed live on Ms Lync and ODIN with the purpose of squaring off positions on the same day. Additionally as per market opportunity, we flash live calls during the day (including BTST calls). 3-4 such calls are made on a daily basis which might be open for 3-4 days.
